CGS iTradePro User Interface

The Revolutionary CGS iTrade

With new trading tools for faster, safer trades.

Online Trading should be fast, convenient, seamless, customisable and equipped with comprehensive trading tools to help traders make sound decisions on their trades. With our servers co-located at the Singapore Exchange (SGX) data centre, your orders enter the market at unparalleled speed.

Fast execution of trades with the elevated mode of

or

Singpass

SMS OTP

helps to avoid unauthorised access and fraudulent trading.

With Singpass or SMS OTP, users can execute orders without the hassle of the conventional method where a user password is required each time you place an order.

With the availability of TouchID / FaceID, you can now login to the CGS iTrade mobile app with ease.
